MAMMA
CHE STRESS

I am an Italian illustrator based in a small town near Turin.

Graduate in graphics (2011);

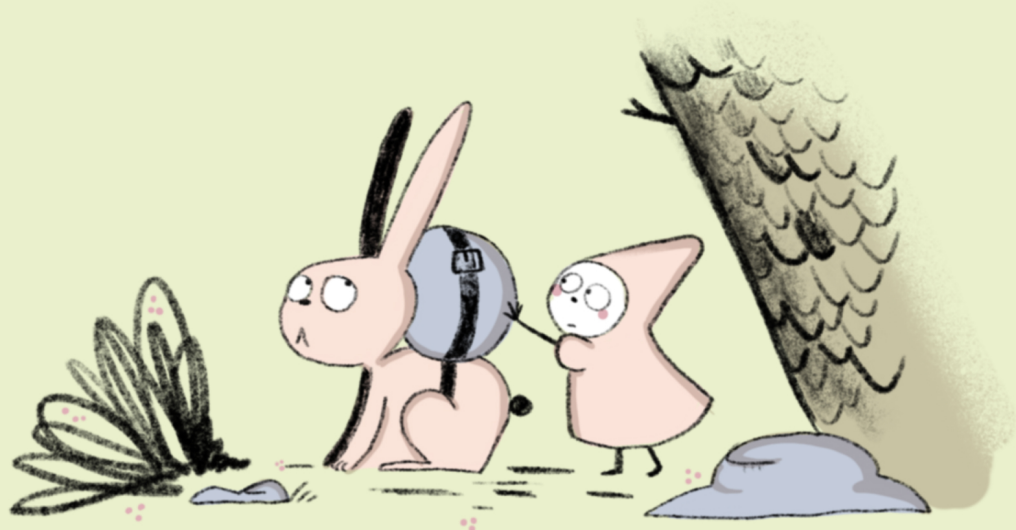

Majored in Multimedia Arts at Accademia di Belle Arti di Torino (2017);

I also studied 2d traditional animation at the Scuola internazionale di Comics in Turin (2017).

I've worked as clean up artist and storyboard artist jr for an animation studios in Turin but now I want to tell my stories.

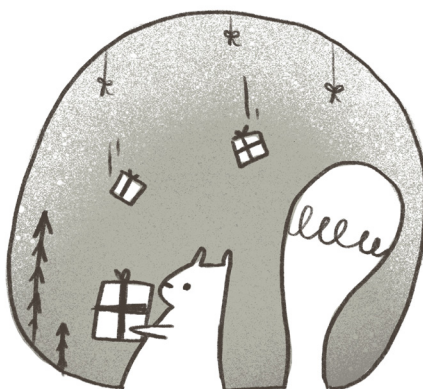

I love children's publishing and occasionally organize creative didactic workshops aimed at children and young people.
